

Sports Premium 2016/17

At Willow Lane we teach to the heart and key to this is getting all children to enjoy the benefits and camaraderie of sport. In order to establish this sporting culture on top of our PE curriculum we run a wide variety of after-school clubs and enter numerous inter-school sports competitions. We use external coaches to work alongside teachers to develop their skills and therefore have a long term impact on PE in school.

We use the funding to:

- Join a Sports partnership –Lancaster and Heysham SSN – which offers training, competitions and coaching opportunities. Improve the quality of the school PE provision through training for PE focused staff training.
- Employ internal coaches to run clubs for children of all ages including gymnastics, cricket and tag-rugby.
- Employ specialist coaches to run clubs including football, multi-skills and dance.
- Purchase/build exciting, safe and sport specific resources to facilitate the teaching of PE.
- Provide opportunities for children to compete. We feel it is important that children have the chance to represent their school and take part in competitive sport against other schools.
- Cover transport costs for children to attend competitions and experience sporting opportunities at specific venues.

For 2016/17 the school received £8,775 in its allocated Sports Premium.
