### Key vocabulary to learn ...

sustainable,

greenhouse gases,

carbon dioxide,

methane,

greenhouse effect,

climate change,

global warming/heating,

renewable,

non-renewable,

emissions

### What we enjoyed last half term...

- World Book Day!
- Comic Relief—Gunk the Teacher saw Ms Naylor (and those surrounding her) be covered in all things green.
- Easter Egg hunt has been sorely missed over the last few years: eggcellent fun was had by all.
- Tennis treat for brilliant reading.
- Chinese Confucius Institute visited, where we learned our Mandarin name and traditional new year songs.
- Blue House trip!
- Decorating the Easter bunny!

### What we are looking forward to this half term...

- A visit to Full House Noodle bar to test our Mandarin as we order delicious dishes.
- In geography, learning about climate change and sustainable living, as well as the links with the effects on ecosystems across the globe.
- In history, we look at the history of the Transatlantic Slave Trade and Black History.
