

Last half-term, we enjoyed...

learning about robots. First, we read the book 'No-bot' about a robot with no bottom! Then, we wrote our own stories about robots who had left something in the park. In Design and Technology, we designed our own robots and then made them using junk-modelling. We also enjoyed learning about Hinduism. We focused on the Diwali story and we made our own diya lamps using clay. We enjoyed painting the lamps using metallic acrylic paint and we learnt that the lamps were used to represent light in the darkness. As scientists, we loved discovering facts about the human body and we compared our bodies to a robot body. We have had so much fun!

This half-term, we are looking forward to...

learning about wolves. We are currently reading the book 'The Way Home for Wolf,' which will lead on to writing our own animal adventure stories. We will also be learning about animals who live in the savannah to create our very own information book. In R.E. we will be focusing on Christianity, reading the story about creation and learning about how we can look after the world that we live in. The topic we are looking forward to the most is about Living Things and their Habitats! As scientists, we will be roaming our school grounds to find mini-beasts in their micro-habitats. We will be looking at a variety of animals and where they fit into their food chain. We will then learn how to make our own hotel to attract even more mini-beasts!

Key Vocabulary

- Living
- Dead
- Habitats
- Micro-habitats
- Shelter
- Food
- Water
- Suitable
- Christians
- Creation
- God
- Harvest
- Pulse
- Tempo
- Dynamics

Important days and dates

- P.E. will be every WEDNESDAY. Please ensure that your child comes to school in black/navy joggers, P.E. t-shirt and school jumper as we will be doing P.E. outside as much as we can do.
- Spellings will be sent home every FRIDAY to be tested the following Friday. There won't be many but it would be wonderful if you could help your child to learn these.
- We will be going on a school trip w/c 10th Oct. More details to follow nearer the time
- KS1 After School Club – EVERY TUESDAY 3.15 – 4.15
