Definition of a Letting

A letting may be defined as ‘any use of the school premises (buildings and grounds) by either a community group (such as a local music group or football team), or a commercial organisation (such as a local branch of ‘Weight Watchers’)’. A letting must not interfere with the primary activity of the school, which is to provide a high standard of education for all its pupils.

Use of premises for activities such as staff meetings, parents' meetings, Governing Body meetings and extra-curricular activities of pupils supervised by school staff, fall within the corporate life of the school. Costs arising from these uses are therefore a legitimate charge against the school's delegated budget.

VAT

In general, the lettings of rooms for non-sporting activities is exempt of VAT, whereas sports lettings are subject to VAT (although there are exemptions under certain circumstances).

Insurance

The school must ensure that the hirer has appropriate public liability insurance to cover all its legal liabilities for accidents resulting in injuries to persons (including all participants in the activity for which the premises are being hired), and/or loss of or damage to property, including the hired premises, arising out of the letting. The minimum limit for this insurance cover is £5 million. The hirer must produce the appropriate certificate of insurance cover before the letting can be confirmed.

Neither the school, nor the Local Education Authority, will be responsible for any injury to persons or damage to property arising out of the letting of the premises.

Management of Lettings

The Headteacher is responsible for the management of lettings, in accordance with the Governing Body's policy, together with the [guidance on Keeping children safe in out-of-school](#) settings which details the safeguarding arrangements that schools and colleges should expect these providers to have in place. Where appropriate, the Headteacher may delegate all or part of this responsibility to other members of staff, whilst still retaining overall responsibility for the lettings process. Schools should take appropriate safeguarding advice, transfer of control information and guidance, including a draft written agreement of safeguarding responsibilities for a third party provider using a school site is available from the school safeguarding team.

The Administrative Process

Organisations seeking to hire the school premises should approach the Headteacher (*or other designated member of staff*), who will identify their requirements and clarify the facilities available. A lettings application form (Appendix B) should be completed at this stage.

Once a letting has been approved, a letter of confirmation should be sent to the hirer, setting out full details of the letting and enclosing a copy of the terms and conditions of the hire agreement. The person applying to hire the premises will be invoiced for the cost of the letting, in accordance with the Governing Body's current scale of charges. *(Schools may wish to seek payment in advance in order to reduce any possible bad debts).*

All lettings fees which are received by the school should be paid into the school's budget in order to offset the costs of services, staffing etc (which are funded from the school's delegated budget). Income and expenditure associated with lettings should be regularly monitored to ensure that at least a "break even" situation is being achieved.

For long term lettings application forms should also be reconsidered on an annual basis

The Governing Body actively encourages community use of the school buildings. However, it reserves the right to refuse any lettings it may choose.

Where governing bodies hire or rent out school or college facilities/premises to organisations or individuals (for example to community groups, sports associations, and service providers to run community or extra-curricular activities) they should ensure that appropriate arrangements are in place to keep children safe. When services or activities are provided by the governing body or proprietor, under the direct supervision or management of their school or college staff, their arrangements for child protection will apply. However, where services or activities are provided separately by another body this is not necessarily the case. The governing body should therefore seek assurance that the provider concerned has appropriate safeguarding and child protection policies and procedures in place (including inspecting these as needed); and ensure that there are arrangements in place for the provider to liaise with the school or college on these matters where appropriate. This applies regardless of whether or not the children who attend any of these services or activities are children on the school roll or attend the college. The governing body or proprietor should also ensure safeguarding requirements are included in any transfer of control agreement (i.e. lease or hire agreement), as a condition of use and occupation of the premises; and that failure to comply with this would lead to termination of the agreement. The [guidance on Keeping children safe in out-of-school](#) settings details the safeguarding arrangements that schools and colleges should expect these providers to have in place.

School and college safeguarding policies should set out the arrangements for individuals coming onto their premises, which may include an assessment of the education value, the age appropriateness of what is going to be delivered and whether relevant checks will be required. Schools and colleges may receive an allegation relating to an incident that happened when an individual or organisation

was using their school premises for the purposes of running activities for children (for example community groups, sports associations, or service providers that run extra-curricular activities). As with any safeguarding allegation, schools and colleges should follow their safeguarding policies and procedures, including informing the LADO.

The hirer must be willing to meet with school officials and provide details of their aims and objectives. Hirers should follow the appropriate keeping children safe in education guidance [After-school clubs, community activities, and tuition - safeguarding guidance for providers \(publishing.service.gov.uk\)](https://publishing.service.gov.uk/guidance/after-school-clubs-community-activities-and-tuition-safeguarding-guidance-for-providers)

The Governing Body will ensure that the school budget does not subsidise non-school activities and that all costs are recovered. Charges will be reviewed annually by the Governing Body.

Each hirer using the school will be required to nominate a contact person. Such a person is deemed to be in charge and able to investigate any difficulties which may arise.

The Governing Body will determine if a nominated person from school is required on site when the premises are being used. If not, a responsible person must be on call.

A Letting Application / Indemnity Form must be completed by all applicants. A signed copy of the application form, if approved by the school, will be returned to the hirer. For long term lettings application forms will be reviewed on an annual basis.

No lettings will be approved giving the user exclusive possession (note: this is a legal requirement, not to be confused with a sole letting).

Any hirer that uses the school must be adequately insured (with a minimum of £5m public liability insurance) and insurance documents must be attached to the application.

All hirers must comply with health and safety legislation.

The hirer is responsible for following safer recruitment procedures including that DBS checks have been undertaken and other elements that may be relevant for working with children.

Arrangements for the payment of each letting will be made in advance with the hirer concerned.

Smoking is not allowed on the premises in line with school policy.

Alcoholic Drinks –

An occasional licence must be obtained where appropriate. The Licensee is responsible for conduct of bar sales, etc.

No alcohol is to be stored or retained on the premises when pupils are in school.

5 VAT Regulations Relating to the use of Sports Facilities

Room hire alone is exempt. For example the local Brownies hiring the school hall or sports hall for a table top sale would be exempted from VAT.

If the local football club hired the school hall (NOT a sports hall) to play football, the letting would be exempt as the hall is not a sports facility.

If the local football club hired the school sports hall to play football as a one off letting, it would be standard rated.

Premises are sports facilities if they are designed or adapted for playing any sport or taking part in any physical recreation, such as swimming pools, football pitches, dance studios and skating rinks. Each court or pitch (or lane in the case of bowling alley, curling rink or swimming pool) is a separate sports facility.

However, if the same football club hired the school sports hall for a series of lets, they will be exempted from paying VAT if they meet all the following criteria:

- The bookings are for at least 10 sessions
- The interval between the sessions is not less than 1 day and no more than 14 days apart
- The bookings are all for the same activity
- The whole series is to be paid for (there must be written evidence of this)
- The grantee has exclusive use of the facilities
- The grantee is a school, club, an association or an organisation representing affiliated clubs or constituent associations.
