25.01.2024

Dear parents/ carers,

We have been made aware of cases of children being hospitalised from the local area due to smoking a vape or taking a sweet. The vapes look like normal vapes but contain high levels of cocaine, speed and amphetamine.

All the children have been secondary children, but we have spoken with our year 5 and 6 children today to highlight the importance of not smoking in general, and not taking sweets or vapes off people.

As you can see from some of the images, these sweets are specifically marketed at children and contain high levels of cannabis and amphetamine.

Our priority is always to keep our children safe. We have asked all the children to tell their parents or school if they are offered any such items. If parents are made aware of it, we would encourage them to phone the police due to the dangers associated with the items and the effect on children.

Kind regards,  
Lucy Naylor  
Headteacher
