

Last term, we enjoyed printing with fruits and vegetables to make pictures. We also enjoyed learning about our senses, especially when we got to use them to explore and taste popcorn! We liked listening to different stories to learn about Islam and Judaism and we had a great day building model sukkah and trying traditional Jewish foods in the wildlife area. We were very proud of our singing and learnt the continents song and performed a song and actions about water safety in front of the whole school.

This term, we are looking forward to doing more PE outside and writing stories in English. We are also looking forward to learning about the history of Williamson Park and visiting Ashton Memorial later in the term. We are very excited to be planting plants and learning more about them while working in the school allotments and learning even more about animals in our science lessons.

Key Vocabulary

- landmark
- significant
- monument
- similar
- different
- fur
- fins
- scales
- feathers
- leaf
- flower
- blossom
- petal
- trunk
