

Last term, we enjoyed...

all our learning surrounding the skills involved in football and hockey. The children have been playing fantastically as they work on their attacking and defensive tactics for both sports.

A true highlight of the year so far was the children's performance at Young Voices. They really enjoyed the build up to it as well as the day itself.

The class received their leavers' hoodies – after some brilliantly persuasive letters of request.

In English, we have also been studying some incredibly rich texts (Macbeth, Alice in Wonderland, Sherlock Holmes) to create some brilliant stories; we have also thoroughly enjoyed our explanation texts about how different types of volcano erupt.

This term, we are looking forward to...

learning about slavery across different eras and the emancipation of the enslaved along with the key figures throughout history. As part of this, we will experience an African dance workshop.

In May, some of the children are excited to sit their SATS and all have been working incredibly hard towards this.

London is top of the list and it is so great to see so many children excited for this fantastic experience.

Many children will also be experiencing transition meetings and days at their new school, ready for the huge move to high school in September.

Key Vocabulary

Slavery

Plantation

Emancipation
