Dear Parents and Carers,

Personal Items

A quick reminder that children should not bring toys, fidgets, jewellery or personal stationery into school. These items can easily become lost or damaged, which can lead to upset during the day.

Any awards or special items brought in for sharing during assembly or class 'show and tell' should be kept safely in trays or bags or handed to the class teacher for safekeeping until it is time to share.

Trading Cards

We have set up a designated trading station for items such as football or Pokémon cards, which will take place on **Wednesday lunchtimes only**. Children are welcome to bring cards in on Wednesdays if they wish to take part. At all other times, cards should remain safely in bags or trays.

Lost Belongings

We encourage children to take responsibility for looking after any items they choose to bring into school. While we will do our best to help locate any lost belongings, this is not always possible and staff time must remain focused on supporting the teaching and learning of the whole class.

As the warm weather continues, please ensure that any hats and sun cream are clearly labelled with your child's name to help us keep track of belongings.

Thank you for your continued support,

Mr Webster
